## PROFESSIONAL BACKGROUND

---

Since 1987 Antonio Sandoval Painting has proudly painted homes, rentals and commercial properties throughout San Francisco and the Bay Area. We employ skilled painters who are trained in the company approach of detailed surface preparation to obtain a quality finish. We like to use best-quality paints, and our satisfied customers believe the difference in appearance, ease of maintenance, and long-lasting protection of our painting well worth the cost. Much of our work is obtained by word-of-mouth referrals from our satisfied customers.

## SAFETY AND ENVIRONMENTAL CONCERNS

---

Antonio Sandoval Painting is proud of its exceptional safety program and its excellent worker safety record. Our employees are provided with all necessary safety equipment. In addition, we select painting materials with concern for the environment. All painting materials are handled, used, and disposed of in strict accordance with government regulations. Owner and workers are trained to minimize lead exposure to themselves, occupants and the environment during surface preparation work.
